Serial No: 09/898,804

Examiner: to be determined

For: METHOD AND SYSTEM FOR REAL-TIME ANALYSIS AND  
DISPLAY OF CURVE CONNECTION QUALITY

**RE-SUBMISSION OF FORMAL DRAWINGS**

Commissioner for Patents  
Attn: Official Draftperson  
Washington, D.C. 20231

Sir:

Upon review of the Certified True Copy of the Priority Document, it has come to our attention that the 9 sheets of drawings filed on July 3, 2001 were not scanned because they were not present for scanning. This prompted Ms. Melissa Scanzillo from our office to place a phone call to Examiner Samuel Broda on May 8, 2002. Examiner Broda stated that it appeared the drawings were lost by the U.S. Patent

and Trademark Office, since the internal check list indicates that the drawings were present at the time of filing. Examiner Broda requested that we resubmit the drawings.

Therefore, in accordance with Examiner Broda's request, enclosed please find Formal Drawings illustrating Figs. 1-15 (9 sheets) for the above-identified application. No new matter has been added.

It is respectfully requested that these drawings be approved by the Official Draftsperson and made of record in the file of this case.

The Commissioner is hereby authorized to charge any additional fees which may be required in connection with this request, or to credit any overpayment to Deposit Account No. 50-0521.

Date:

MAY 17, 2002

Respectfully submitted,

Mitchell S. Feller
